How to Authenticate This Official Transcript From BYU

This official transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. If you are not the intended recipient, please notify the Records Office at BYU. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. If this document has been issued by BYU, and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or [Adobe® Reader](#); it will reveal a digital certificate that has been applied to the transcript. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by BYU with a valid certificate issued by GlobalSign CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

The blue ribbon symbol is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital certificate is not authentic, or the document has been altered. The digital certificate can also be revoked by the transcript office if there is cause, and digital certificates can expire. A document with an invalid digital certificate display should be rejected.

Lastly, one other possible message, Author Unknown, can have two possible meanings: First, the certificate is a self-signed certificate or has been issued by an unknown or non-trusted certificate authority. Second, the revocation check could not be completed. If you receive this message make sure you are properly connected to the internet. If you have an internet connection and you still cannot validate the digital certificate on-line, reject this document.

The Key to the Transcript is the last page of this document.

The current version of Adobe® Reader is free of charge, and available for immediate download at <http://www.adobe.com>.

If you require further information regarding the authenticity of this transcript, you may email or call the Records Office at Brigham Young University at records@byu.edu or 801-422-2631.
